New York is 5th in the nation in terms of human trafficking crimes and activity.

HUMAN TRAFFICKING IS

modern day slavery.

exploiting a person through
force, fraud, or coercion.

sex trafficking, forced labor,
and domestic servitude.

happening everywhere, even in the
United States, and victims can be U.S.
Citizens or of any nationality, age,
socioeconomic status, or gender.

any person under the age of 18
involved in a commercial sex act.

HUMAN TRAFFICKING IS A HIGHLY PROFITABLE CRIME

Human Smuggling and Human Trafficking are different crimes.
Human Smuggling is the illegal movement of someone across a border.
Human trafficking is the illegal exploitation of a person.

According to the FBI (2013), African-American children comprise 59% of all prostitution arrests for those under 18—more than any other racial group. In a two-year review, by the Bureau of Statistics (2011) it was found that, all suspected human trafficking incidents, 40% of victims of sex trafficking were African-American.

While African American girls are disproportionately at risk to be victimized, the faces of those who historically lead the fight against human trafficking tend to be from the majority culture. As influential African American women, we must assist our communities and families in understanding the issue and protect our children.
